WHAT IS ALTRUISTIC LEADERSHIP?

Altruistic Leadership is a career management and leadership development organization focused on the needs of the people-of-color (diverse) leaders.

Altruistic Leadership differs from other leadership programs by examining themes such as risk, work, perceptions, and career derailments often faced by the diverse leader.

Awareness is essential to career/life success. By focusing specifically on cultural differences, you are more prepared for opportunities vs. derailed.

In a safe and secure forum with other diverse leaders, you are provided the techniques to strengthen your leadership stance, style, and effectiveness.

Our programs are designed for intense interactions focused on helping diagnose the issues that have an impact on your personal and professional objectives.

Altruistic Leadership was founded by the creator of the African American Leadership Program featured in Diversity Executive Magazine August 2008.

CAREER MANAGEMENT FOR DIVERSE LEADERS®

Millions of people are affected by corporate redesigns, layoffs, and business closures.

The Conference Board reports workers continue to grow increasingly unhappy in the workplace—a long-term trend that should serve as a red flag because your productivity and job engagement suffers. Time to take back ownership of your career blueprint.

This program focuses on soul restoration and will create sanity in your new reality through proven career and change management techniques.

Fee:
The program fee of \$475.00 includes materials and refreshments breaks.

ALTRUISTIC COACHING®

Round out your career and leadership experience. Coaching is necessary for today's professional.

Altruistic Coaching produces far-reaching change & results because we zero-in on **who you are becoming** over **what you are doing**.

Therefore, whether you are an individual contributor, supervisor, manager, operational or executive leader, coaching will enhance your work (and life) environment for yourself and those around you.

"The most important investment you can make is in yourself"
Warren Buffet
